es changed will please give the old
as well as the new address. By do-
ing this, much trouble and delay
will be overcome.

Mrs. C. L. Chamberlin and little
daughters spent the early part of the
week in Palatka.

Misses Crill and Amelia Burton
and their little sisters spent a por-
tion of the week in Jacksonville.

E. Thomas Shinn recently sold his
home north of town—the old Wade
place—to W. S. Middleton of Pomona.

James T. Long is building a small
house at Huntington on the site of the
home recently destroyed by fire.

Bayless Earle of South Carolina
was to spend last Sunday in the city,
a guest at the home of Mrs. J. W.
Miller.

Peter Jones of Fruitland recently
purchased the Thompson home at
Huntington and is again residing at
that place.

Egbert Hutchinson has a respon-
sible position as confidential stenog-
rapher with the big Furchgott mer-
cantile firm in Jacksonville.

L. A. Hurlbut received a new
horse by boat from Jacksonville on
Saturday night—one he had pur-
chased to take the place of the animal
he recently lost.

E. A. Swanson, an old time barber
of this place, but now of Ormond,
came over last week to arrange for
the sale of his old home at the head
of Central avenue.

County Superintendent of Schools
L. K. Tucker spent Sunday here the
guest of Mr. and Mrs. Darby. Mrs.
Tucker and daughter have been
spending some time with Mrs. Darby.

Rev. G. H. Ward spent a portion
of last week in Jacksonville on busi-
ness pertaining to diocesan affairs of
the Episcopal church, he being a
member of the standing committee of
the diocese.

The News has information that
W. S. Pine of Huntington, now ill
at Eastport, Maine, expects to re-
turn home as soon as possible. Mr.
Pine will live on his place east of
Huntington with a nephew.

Mrs. L. A. Hurlbut left for a sum-
mer's visit with old friends and re-
latives in Detroit, Mich., last Wednes-
day. Mr. Hurlbut accompanied her
as far as Jacksonville, returning on
Thursday. Later in the summer Mr.
Hurlbut expects to go north for a
brief season.

Mr. and Mrs. J. A. Leenhout have
just purchased a beautiful residence
in Springfield, Jacksonville—one of
the most delightful sections of that
city. They are now living in South
Jacksonville, across the river from
the city, and will move to their new
home later in the summer.

Frank Gautier has the finest acre
field of corn ever seen in this section.
It is on his home place and the corn
stocks will average between 10 and
12 feet high—and what is more they
are filled with ears. It is a regular
Illinois corn field in looks and dis-
position of the idea that the soil of this
section is not suited for profitable
farming.

Miss Ruby Mathis, the accom-
plished daughter of Mr. and Mrs.
Howard Mathis, is expected home
this week from Aiken, S. C., at
which place she has just been gradu-
ated with high honors at the convent
there located. Before returning
home she expected to visit with
friends a short time in Charleston.

Will M. Miller has purchased the
2½ acre grove of J. A. Leenhout on
South Prospect street adjoining the
Williams grove. This little grove is
one of the most thrifty appearing
properties of the kind hereabouts,
the trees all being large and laden
with fruit. This lot is also an ideal
spot for a home and Mr. and Mrs.
Miller may decide later to erect a
residence thereon.

The Junior baseball club went over
to Seville one day last week and en-
gaged in a game with the club at
that place. The game resulted in a
victory for the Crescent City team
by a score of 18 to 11. Varnes and
Russell pitched for the home team
and A. Hutchinson caught. The
boys went out to win—they had it to
do or walk home—as Capt. Al Bree,
who took them down, told them that
if they got beat they would have to
walk. The captain bought the boys'
dinner and "treated us right," as the
club expressed it.

Rev. Nat. Hinton, an old time
colored citizen of this place, died
some two weeks ago of consumption.
Years ago Hinton, who was a good
farmer, took up preaching and be-
came a minister of the Baptist
church. He had been stationed at
several places, but some time ago he
gave up preaching on account of his
health and engaged in trucking on
the coast coast. His health grew
gradually worse and early in May he
expressed a desire to be brought to
Crescent City to die. He lived but
three weeks after his arrival here.

Mr. and Mrs. C. D. Smith are
now at their summer home, Smith-
town Branch, on Long Island, New
York. Their pretty cottage home in
Crescent City will be ready for their
occupancy this fall, when it is hoped
by our people that they will be con-
tent to remain in Crescent City the
greater part of the year.

K. Borsen's new house on Central
avenue is being rushed to comple-
tion and will probably be finished in
three or four weeks, when Mr. and
Mrs. Borsen contemplate an extend-
ed trip of two or three months to the
Jamestown Exposition and through
the north and west. The house is
being erected to accommodate winter
visitors, there being a great demand
for small homes by this class in the
winter season.

Mrs. M. H. White left on Monday's
steamer for a pleasant trip to Pa-
latka where she will be the guest for
a time of her grand children, Mr. and
Mrs. Luther B. Curtis. Though
Mrs. White has been an invalid for
several years and is constantly at-
tended by a trained nurse, she is
always in cheerful mood and it is
always a pleasure for her friends to
be in her company. Her general
health for the past few months has
been much improved.

Henry Hutchinson spent several
days at home this week, where he ar-
rived on Saturday. Mr. Hutchinson
states that he has decided to enter
the race for county clerk in next
year's primaries and assures the
News that he has the promise of
much influential support. He is an
old citizen of the county and former-
ly served with credit in the lower
branch of the legislature.

Jessie McCormick, who has pur-
chased the Big Read bakery oven,
and had it moved to his new lot at
the corner of Central ave. and Mar-
ket street, will erect a building there-
on and operate a bakery. It is also
Mr. McCormick's plan to open on the
same premises a pool room and bow-
ling alley, a place where the town's
people and winter visitors, both la-
dies and gentlemen, can congregate
and secure a little recreation and
pleasure.

The big Carl grove, two miles
south of town and on the lake front,
has been sold to Messrs. S. A. Kin-
ard and Jesse McCormick. The sale
was made on Saturday by M. H.
Read's real estate agency. There
are 85 acres in the tract, only about
12 acres being in grove. During the
lifetime of David Carl this grove was
one of the best in this entire sec-
tion and that gentleman once re-
turned an offer of \$10,000 cash for it.
Under the management of the pres-
ent owners the property will again
be developed.

Judge W. A. Scott, a distinguished
jurist of Ft. Gaines, Ga., is spending
some time in the city a guest of his
niece, Mrs. J. W. Miller. Judge
Scott is a brother of Mrs. S. E. Car-
pers. He is regarded as one of the
leading legal lights in Georgia, in
which state he has served many
years on the bench. Judge Scott
thinks seriously of becoming a re-
sident of Florida, in which event he
will locate in one of our leading cit-
ies for the practice of law.

The pretty pet black mare owned
by James Padgett Jr., a four year old
colt that is in Crescent City know
and admire, is to be sold at a raffie to
be given on the Fourth of July.
There will be 150 tickets sold at \$1.00
each and the mare will go to the
party holding the lucky ticket. Mr.
Padgett is seriously contemplating
leaving Crescent City to accept the
tender of a responsible position at a
tarpentine camp and for this reason
desires to sell his personal effects.
The little mare is fleet of foot, and
sleek of body—a little beauty of a
horse that all have a pride in be-
cause of its gentle disposition and
ability to win every running race
that has been pulled off here in the
past year and a half. The tickets
should go rapidly. In addition to
the mare, Mr. Padgett will deliver to
the lucky winner a saddle, a harness,
2 bridles and an extra collar.

The Cotillion club gave a very
pleasing entertainment at V. I. A.
Hall last Friday night, with quite a
large attendance, the majority being
of the younger element. The enter-
tainment consisted of a clever presen-
tation of the "Minister's Wife," a
short, spicy drama in which only
the young lady members of the club
had parts. Then there was a cream
and cake, followed by an hour or
two devoted to the old-fashioned
square dances to music furnished by
Mr. and Mrs. Howard Mathis with
par excellence and Crescent City peo-
ple are to be congratulated on hav-
ing this excellent family of music
makers make their home among us.
It is stated that all the members of
Mr. Mathis' family play some instru-
ment and that when all are at home
the family constitutes an orchestra
whose evening home performances
are a delight to all who can attend.

BASBALL PLAYERS AND FOOT RACERS!
Louis J. Kruger, ex-champion long
distance foot racer of Germany and Hol-
land, writes, Oct. 27, 1901:
"During my training of eight weeks'
foot races at Salt Lake City, in April
last, I used Ballard's Snow Liniment to
my greatest satisfaction.
Therefore, I highly recommend Snow
Liniment to all who are troubled with
sprains, bruises or rheumatism." 35c,

LAKE COMO.

Miss Phoebe Palmer arrived from
Jacksonville and will remain with
her parents, Mr. and Mrs. Palmer,
during the summer.

W. L. Gable left for Jacksonville
Sunday, where he will serve as juror
in the U. S. court the next few
weeks.

Miss Cleo Monjar and Mrs. Ella
Reilly visited Huntington recently.

Alfred Vardley has purchased a
horse, having lost his other one some
time ago.

Mrs. Claude Monjar is able to sit
up now, and her many friends are
glad to hear she is improving.

Mrs. Lucinda Smith, widow of the
late Robt. Smith, died Sunday at
six o'clock p. m., at the residence of
her daughter, Mrs. Edward F. Sul-
livan, after an illness of only a few
days. She was in her 72d year. Mrs.
Smith has lived at Lake Como for
many years and was beloved by very
many friends. She was a loving
mother and a good, kind and gen-
erous friend and neighbor. She leaves
two daughters to mourn her loss—
Mrs. Edward F. Sullivan of Lake
Como, and Mrs. Ida Ballard of Syra-
cuse, N. Y. They have the heart-
felt sympathy of their many friends.
"Asleep in Jesus."

DOPING A RACE HORSE.

The Way the Potent Drug Affects the
Unfortunate Animal.

"No one is likely to be caught in the
act of doping a horse," said a promi-
nent veterinarian the other day, "be-
cause the dose given is so small that it
can be administered under the very
eyes of the officials, with little if any
danger of detection, and, besides, it is
given so long before the race that the
horses are not then likely to be under
surveillance. If a horse is to race at
3 o'clock he gets a two grain powder
on his tongue in a darkened stall at 1
o'clock. The drug takes effect in about
thirty minutes, and the animal breaks
out into a sweat. He is rubbed down,
cooled out and done up as if he had
come in from mowing work. Every
effort is made to keep him quiet until
past time, but he very often breaks out
again and is again cooled out. The
doped horse never takes any warming
up work, and this fact affords the best
means I know of for finding him out.
He is moved slowly to the starting
point, great care being taken to pre-
vent him from becoming excited until
the flag is dropped. Then a kick and
a cluck do the work, and in an instant
the full force of the dose is felt, stimu-
lating the animal to run the race of his
life.

"After the race an antidote is usually
given, but it is sometimes well along
in the night before the excited horse
regains his normal condition. The
strain on the nervous system is terrific.
For this reason doped horses have short
careers, as a rule, and are of little
value for breeding purposes."—Kansas
City Independent.

Silvering Mirrors.

Mirrors are usually silvered by coat-
ing the glass with amalgam. For this
purpose a large, perfectly flat stone is
provided, and upon it is evenly spread
a sheet of tin foil without crack or
flaw. This is covered to the depth of
one-eighth of an inch with clean mer-
cury. The plate of glass, perfectly
cleaned from all grease and impurity,
is floated on to the mercury by sliding,
so as to exclude all air bubbles. It is
then pressed down by loading it with
weights in order to press out all the
mercury which remains fluid. This is
received in a gutter around the stone.
After about twenty-four hours it is
scently raised upon its edge, and in a
few weeks it is ready to frame.

A Good Hair-Food

Ayer's Hair Vigor, new im-
proved formula, is a genuine
hair-food. It feeds, nourishes,
builds up, strengthens, invigor-
ates. The hair grows more
rapidly, keeps soft and smooth,
and all dandruff disappears.
Aid nature a little. Give your
hair a good hair-food.

Does not change the color of the hair.

Formula with each bottle
Show it to your
doctor
Ask him about it,
then do as he says

Ayer's
You need not hesitate about using this
new Hair Vigor from any fear of its chang-
ing the color of your hair. The new
Ayer's Hair Vigor prevents premature
grayness, but does not change the color
of the hair even for a single degree.

The Way Handel Worked.

Handel had a peculiar habit of toss-
ing the sheets of manuscript from the
table as fast as he wrote them. The
slightest gain in time was of the ut-
most importance to him. There was
only one man being his copyist,
Smith, who could read his manuscript.
Handel often wept while composing.
Some of his sacred writings are blot-
ted with tears. He was blind during
the last years of his life.
Employer—if we are to retain your
services, Mr. Lambkin, you must take
care of your appearance. You look as
if you haven't been shaved for a week.
Clerk—But, sir, I am growing a beard.
Employer—That is no excuse. You
must do that sort of thing out of busi-
ness hours.

SHORT TALKS BY L. T. COOPER.

RHEUMATISM

Old Mr. Rheumatism hangs on tight
and bites and pinches when he takes hold.

It's quite a job
to shake him off.
He's hard to be-
lieve that all the
pain and trouble
he causes comes
from such a little
thing. Just a
tiny bit of acid
in the blood the
kidneys haven't
taken care of.
But the kidneys
aren't to blame.
I used to think
they were. Now
I know better. It's that overworked
and over-crowded stomach giving the kidneys
part of its work and the kidneys can't do
it. I found this out with Cooper's New
Discovery. It puts the stomach in shape,
that's all it does, and yet I have seen
thousands of people get rid of rheumatism
by taking it. That is why I am positive
that rheumatism is caused by stomach
trouble. Here is a sample of letters I
get every day on the subject.

For a long time I have been a victim
of sciatica and inflammatory rheumatism,
and my suffering has been too great to de-
scribe. For weeks I lay helpless with
every joint in my body so tender and sore
that I could not bear to move. The slight-
est touch would cause me the greatest
agony. Several doctors treated me but
they failed entirely. I tried many re-
medies but nothing seemed to reach my case,
so I continued to lay helpless. My kid-
neys and stomach were affected also. I
could eat but little, digest less and gradu-
ally my strength left. I lost flesh rapidly.
"I began the use of the famous Cooper
medicines of which I heard so much. To my
surprise and delight I improved im-
mediately, and after using several bottles
I felt like another person. My strength
and appetite returned. The pain and sore-
ness left me and now I feel better than I
have for months." Lawrence Tuscany,
1122 Aldrich Ave., North, Minneapolis,
Minn.

tions.
